

NovaLoop GmbH

POINT (9.0001734 48.7098301)

Integrate sustainable supply chain practices at the core of your business strategy!

NovaLoop GmbH helps companies, amidst increasing regulatory complexity, to gain market access quickly, to communicate with their supply chain efficiently to ensure compliance and to sustainably improve the environmental performance of their products.

Our approach is based on knowledge and offers individual and modular compliance concepts that fit into the budget and structure of your company. In our consulting boutique we focus on environmental compliance and rethink the classic supply chain.

Our interdisciplinary team offers a combination of legal knowledge, technical expertise as well as an in depth understanding of economic market issues.
